

## POLICE MUDDLE BOBS UP AGAIN.

### And Again, as for Months Past, There Was a Postponement.

#### CREMATORY SITE QUESTION.

Council Soreheaded by Glee Club-Supervisor Condie Explains Why He Shut Out Athletics.

Another attempt was made to bring up the police fight at the council meeting last night, but it was unsuccessful, and, upon Robinson stating that he would be ready to vote on the matter if an extension was granted, of 30 days, or until Hewlett returns, it was postponed for that length of time upon his motion.

The trouble arose over Eardley and Fernstrom trying to submit a report of the fire and police committee, on the matter of the appointments and promotions of members of the police force, as recommended by Chief Hilton, without the signatures of a majority of the committee. The report went into details on the matter of qualifications of the appointees and recommended that the appointments be confirmed. Eardley attempted to make some arguments on the matter, but Robertson raised the point that the report was signed only by two members of the committee and, as three was a majority of the committee, the report should not be brought before the council. Prest. Cottrell said that he would allow the report to be read, but that the council should not reverse his ruling and the report was not read.

Fernstrom wanted to know why the committee had not reported long ago on the matter. Eardley replied that the committee had agreed, when the matter was first referred, that it should lay over for 30 days, and that the time has long since passed but owing to Hewlett's absence the committee stood divided on the matter and a deadlock was on, hence a majority of signatures to the report could not be obtained. He urged that the matter be disposed of in some manner.

Fernstrom moved that the council take the matter out of the committee's hands. He said that a deadlock was on, as Sharp and Thomas, the other two members of the committee, had refused to sign the report. Robertson said that, sometime ago, when it was proposed to take the matter out of the committee's hands that certain members of the committee thought that it would be a very discreditable act to do so, he reminded the council that the members of the committee should be consistent.

Upon Robinson assenting to the council that he would be ready to act either on the removal of the chief or confirming his appointments within 30 days, the matter was laid over for that length of time or until Hewlett returns.

#### CREMATORY SITE.

The board of public works reported that it was through with the examination of bids for the crematory, and that the site had not been fully determined yet, and asked that they be given an extension of time. Robertson stated that the Oregon Short Line and Rio Grande Western would both submit proposals to have the garbage yard rail to a site to be furnished by the companies along spurs of their tracks north of the city. An extension of time was accordingly granted.

#### COUNCIL SERENADED.

During the reading of a report, sweet strains of music were heard coming from the corridor just outside the council chamber, and, upon motion of Robinson, the council took a recess to listen to the singing. It was the Salt Lake Glee club, under the leadership of Evan Arthur. The club was invited in the chamber where it rendered some delightful music. The club was given a vote of thanks by the council.

#### OFFER A COMPROMISE.

Theodore Botkin as attorney for Annie M. Shannon offered to compromise the \$10,000 damages suit brought by her client against the city for the sum of \$150. The suit was brought to recover the above amount as damages for personal injuries received by plaintiff as a result of a fall from a street car caused by the city neglecting to place lights and guards at the point where the street was torn up for paving. The matter was referred to the committee on claims.

#### CHIEF OF POLICE HILTON SENT IN.

Chief of Police Hilton sent in the appointment of George F. Watson as a member of the police force to succeed M. E. Pack resigned. The appointment was referred to the police and prison committee.

The city recorder was instructed to notify the Oregon Short Line Railroad company to put South Temple street, from Fourth to Fifth West street, in good repair.

A Tracy notified the council that residents along the street known as "C" avenue are changing their fences and are extending the same to the street. He asks that the lines of the street be maintained as originally planned. The petition was referred to the committee on streets.

#### CONDEE EXPLAINS.

Street Supervisor Condie, in a communication, gave his reasons for not letting the University Athletic association use one of the city's scrapers for leveling off its baseball grounds. He stated that the streets are in their usual rough condition following winter and need immediate attention, and as there are only two scrapers they are both kept busy. He states that he will comply with the request at the earliest opportunity. The communication was ordered received and filed.

Mr. Condie also called attention to the practice of citizens of dumping tin cans and ashes into the streets. The nuisance has become so serious that he has employed extra teams, to remove the same. Mr. Condie states that he should the council wish him to continue this work he asks that \$500 be appropriated to cover the expense. The matter was referred to the sanitary

## BE WISE TODAY! 'TIS MADNESS TO DEFER!

## THE USE OF Paine's Celery Compound

### IN SPRINGTIME Means Banishment of Disease and the Establishment of Strength, Vigor, and Per- manent Health.

Well meaning and really worthy people often err when sickness and disease come to them. Too often they are content to follow blindly the advice of second rate physicians, who in nine cases out of every ten fail to properly diagnose the ills they are called upon to cure. Too frequently our sick people put their trust in a debilitated nervous system, and other liquid concoctions. Terrible disappointments and results come to the users of such medicines; sickness and disease are aggravated—their dangers vastly increased.

Happy are the people who, when disease has laid its hand upon them, use Dr. Paine's Life Giving Prescription, Paine's Celery Compound, a medicine that stands without an equal for feeding exhausted nerves, purifying the blood, and building up the weakened and run down system.

Weakly, sickly, and diseased laden mortal, it is madness to defer the use of that health giving medicine that has rescued and saved its tens of thousands in every land.

Paine's Celery Compound is the one true specific recognized and prescribed today by our most eminent and our most honest practitioners for diseases arising from a debilitated nervous system. You need its use this very day; your condition demands it; common sense and a knowledge of what Paine's Celery Compound has done for others, should be your guide at this critical time of your life. PAIN'S IS THE kind that makes sick people well! See that the name is on both bottle and wrapper. Do not be induced to take a substitute or any imitation; you need the kind that has cured others.

#### DIAMOND DYER.

The only pure and undiluted dyer. Never fades. committee with instructions to report next Tuesday.

The new water scrip ordinance, as recommended by the waterworks committee, was passed under a suspension of the rules. It provides that 30 per cent of the scrip shall be negotiable and 20 per cent non-negotiable.

**The East to Feel Good.**

Countless thousands have found a blessing to the body in Dr. King's New Life Pills, which positively cure Constipation, Sick Headache, Dizziness, Jaundice, Malaria, Fever and Ague and all the ills of the stomach and bowels. #### DOCTORS MAKE ANSWER.

Deny Malpractice Charge and Say Operation Was Skillfully Performed.

The defendants in the \$10,000 damage suit of D. A. Lindsay vs. St. Marks hospital and Drs. S. H. Pinkerton and Union Worthington have filed their answer to the complaint. The plaintiff alleges malpractice as grounds for damages and sets out that defendants, Pinkerton and Worthington amputated his leg in an unprofessional manner, leaving a drain tube in the wound which prevented it healing and suffering by caused him great pain and suffering.

The defendants claim that Lindsay did not employ them to perform the operation, but that the services were rendered with out any pay or consideration or without any promise of same from Lindsay. They allege that the operation was skillfully performed and that the plaintiff left the hospital, of his own volition, before the drainage tube was removed, and before the wound was properly healed, and if any injury resulted it was due to Lindsay's failure to have the wound properly treated after leaving the hospital.

It is alleged that plaintiff never had a moratorium course of action against defendants, but that the same was stirred up and fomented by his attorneys, George Udall and E. V. Higgins, who, upon procuring the plaintiff a fall on Second South street, caused by the city neglecting to place lights and guards at the point where the street was torn up for paving. The matter was referred to the committee on claims.

#### VARIETY IS WIDE.

Numerous Unique Electrical Devices And Designs.

Local dealers in electrical appliances are displaying quite a variety of novelties in the electrical line which are useful as well as ornamental. There is an electrical telephone call for use in hotels in which the call, transmitter and receiver are united in one single piece when the call is signalled, but are separable immediately for the annunciator to be used as a receiver when used in conversation. Then there is an electric rose for table decoration, the rose being made of a celluloid preparation modeled to represent a large, half unfolded flower, beautifully colored, both white and red, and when the current is turned on the lamp within the rose glows with attractive loveliness of color. There are also clocks with alarm regulated by the electric current, and clocks with a small incandescent lamp in front which burns when touched by a button by a person in bed who desires to know the time of night. Electric carriage lamps are great favorites in some parts of the country, and a very useful novelty is the electric lantern which can never get out of order. The same principle is applied to the handle of a walking stick so that the user can see his way along the street of a dark night or flash a light in the face of a hold-up to identify him.

## OGDEN NEWS.

OGDEN, UTAH, - APRIL 23, 1902.

### OLD LADY SERIOUSLY HURT

Mrs. Mary Ann Ellis Thrown from a Buggy And Has Both Arms Broken.

Lecture by Elder B. H. Roberts—Probate and Other Court Cases—Peterson-Carlson Nuptials.

Mrs. Mary Ann Ellis, wife of the late John Ellis, met with a very serious and painful accident yesterday afternoon about 5 o'clock, when she was thrown from a buggy near the corner of Twenty-fourth street on Washington avenue, breaking both arms and otherwise seriously injuring her.

Mrs. Ellis, who is nearly 80 years of age, was being driven by her grandson, George Shorten, Jr., in a single buggy, with a horse which has always been considered gentle. As the boy, who is about 15 years of age, was driving steadily along, the horse became frightened of a banner and turned to one side, the wheels striking against the car rails, which, with the muddy street, were raised about two inches above the solid ground and the vehicle was partly tipped over, throwing the aged lady over the wheels to the muddy street. She fell on her back and arms with terrible force. A number of men soon gathered around and assisted the injured lady to Eads' drug store. Dr. Rich was summoned and made a slight examination of the injuries, and summoned a cab and had her driven to her residence, 2608 Wall avenue; a more thorough examination was made, and it was found that the small bone in both of her lower arms was broken just above the wrist. From a deep gash in her forehead the blood ran profusely, and her body was bruised up very badly. Dr. Rich set the broken bones, dressed the wound, and did all that was possible to relieve her great suffering.

Serious results are feared to follow the accident, as the injuries are very bad, and her advanced age and the nervous shock, it is feared will make very difficult for her to recover. The horse did not run away, but was soon put under the control by the boy.

LECTURE BY B. H. ROBERTS.

The Ogden tabernacle was crowded to overflowing last evening, at the lecture delivered by Elder B. H. Roberts on "The Pre-Existence and the Godhead." The lecturer held the audience spell-bound for nearly two hours, and the able address and scriptural proof of the two principles of the Gospel, which he expounded in most forcible language. The lecture was one of a series four to be delivered in this city. The next one will be given next Tuesday evening, April 29, when Elder Charles W. Penrose will speak on "The Three Glories." These lectures are of special benefit and interest to the young people.

#### PROVO.

#### DIVORCE AND OTHER SUITS.

#### Arraignment of Mrs. Southwell—Death of a Stranger.

Special Correspondence.

Provo, Utah Co., April 22.—Mrs. Lola A. Southwell, charged with assault with intent to kill John Smith at Colton on March 31, was arraigned yesterday before the district court and entered a plea of not guilty. The bond given for \$1,250 before the justice was approved, and time of trial was fixed for May 5.

In the case of J. F. Brim vs. V. D. Cram, defendant was given leave to file amended answer and cross-complaint upon the payment of costs to date, and

by filing a \$100 bond to account for rents.

Suit for divorce has been commenced by Christina Runolfson, a Danish woman, against Albert Runolfson on the ground of failure to provide. Plaintiff asks for the custody of three minor children, and for \$25 a month alimony. The two were married in Provo July 30, 1885.

Mary Caroline Riddle of Provo City has commenced suit for separate maintenance against Isaac Riddle, a Danish man, who she alleges has deserted her and is living separately and apart from her without any cause and contrary to her desire. Defendant is alleged to be the owner of property of the probable value of \$45,000, all of which is in his possession except the house occupied by plaintiff. Plaintiff sets out that she is aged, feeble and unable to earn her livelihood, and asks for \$300, attorney fees of \$50, with which to prepare for trial and \$50 a month for her support pending an adjudication of the case; that the house which she now occupies be set apart to her as a home and for such other relief as may be just and equitable.

#### DEATH OF A STRANGER.

George Wester, who was brought to Provo from Delmonte on the Salt Lake and Western last Thursday suffering from an attack of pneumonia, died yesterday at the infirmary and will be buried by the country. He stated that he had two boys in Montreal, Canada, and that his wife was dead. Nothing further is known of him here.

#### DISTRICT COURT CASES.

#### Jury Finds T. P. Statham Guilty of Assault.

#### Special Correspondence.

Logan, Cache Co., April 22.—The case of the state vs. T. P. Statham was today in the District court, Judge R. R. Bailey and John A. Leatham testifying in behalf of the defense. The contention of the defense was that defendant was in fear of bodily harm from concealed weapons which the complaining witness, William Alway, had upon his person. The case went to the jury at 5 p. m. and the jurors returned two hours later with a verdict of guilty of assault. Sentence will be pronounced Thursday at 10 a. m. Juror Alma Merrill stood out for acquittal for some time, the others being all for conviction. Mr. Merrill finally acquiesced in the opinion of the majority.

The case of S. McMurdie vs. A. A. Law was continued for the term.

The Cache county court today filed suit against James A. Smith, to collect \$20 which the county has paid to an indentured brother of the defendant. In connection with an item which appeared in this department, it should be stated that the Logan baseball team, that it has never desired or proposed to play ball here on Sunday.

#### LEHI.

#### Demise of Mrs. John Worlton—Was Mother of Eleven Children.

Special Correspondence.

Lehi, Utah Co., April 22.—The angel of death again visited our city and taken from our midst Sister John Worlton, who passed to the great beyond early yesterday morning from pulmonary fever.

Sister Worlton was born in Denmark 43 years ago, and after becoming a convert to the Latter-day Saint faith, emigrated to Utah with her parents, Brother and Sister Bronson, in her company. She was married to John Worlton at the age of 25, and they have had born unto them 11 children, nine of whom survive her.

The deceased was a true and faithful Latter-day Saint, an industrious and devoted wife, and a kind and loving mother, and her untimely death has cast a gloom over the community.

This is the second time Brother Worlton has been called upon to make a sacrifice of this kind, having lost his first wife 28 years ago, and the whole community extend their heartfelt sympathy to the afflicted household and family in this hour of bereavement.

#### HE KEPT HIS LEG.

Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely. ## "TIRED ALL THE TIME,"

Women in the Springtime Need a Tonic.  
Spring Fever is Spring Catarrh.  
Peruna Cures Catarrh.

A Beautiful Club Woman's Recovery.

Los Angeles, Cal., 530 S. Olive street, May 5, 1901.

Gentlemen:—I suffered with pain in my right side for over eight years. Doctors said my liver was affected. My complexion was dark and yellow, I had a bad taste in my mouth, and was tired all the time. I took a great deal of medicine, but nothing seemed to do me any good. I read in the paper of Peruna, and decided to give it a trial. I felt better before the first bottle was gone, and after taking three bottles I was cured, and I have enjoyed perfect health since.

MISS LENA HILTON, is President of the Wednesday Whist Club, of Los Angeles.

As a spring medicine Peruna is a never-failing remedy. It cleanses the blood through digestion, and gives tone to the whole system by increasing the nutritive value of the food. "Spring fever," as it is sometimes called, which produces a tired, sleepy feeling, and inability to do much mental or physical work, is the result of sluggish digestion. The great popularity that Peruna has is due to the fact that in all such cases it at once corrects digestive derangements and enriches the blood by purifying this very important source of that vital fluid.

Mrs. J. E. Finn, 82 East High street, Buffalo, N. Y., writes:

"A few years ago I had to give up social life entirely, as my health was completely broken down. The doctor advised a complete change and rest for

upon their farms, scattered out the whole of the ward's length.

#### DIPHTHERIA'S RAVAGES.

Mr. and Mrs. J. H. Johnson Lose Three Children.

Special Correspondence.

Moab, Grand Co., April 20.—In the "News" of recent date there was an account of Horace Johnson of this place losing three children with diphtheria. Wishing to correct some mistakes in said article, I wish to say that on April 10 Leo LeGrand, age 3 years on April 11, Orris Lyman, age 14 months and on April 19, Josephine Hannah, age 10 years, all children of J. H. (Horace) Johnson and wife, died of diphtheria, with one more daughter, Nora, very sick and two children just recovering from the same disease. Sister Johnson is prostrated with care and grief.

On April 15, Sister Caroline Young, wife of Sheriff A. J. Young, died of quick consumption, leaving husband, five children and a host of friends to mourn her departure.

From present indications there will be an abundance of fruit and all crops suited to this climate raised this year. The hearts of the people of Monroe were deeply affected over the funeral services of Sister Boletta Nielsen, who passed away from all earthly cares after lingering four weeks from gastric fever.

Sister Nielsen was born in Norway, June 18, 1841, but has been a resident of Monroe for the past 25 years, and was known as a most devoted wife and

mother, a faithful Latter-day Saint and an active laborer in the Relief Society. She leaves a husband, five sons and 3 daughters.

Bishop Gould had charge of the funeral services. Most appropriate and touching music was rendered by the choir and the following brethren and sisters eulogized the noble character of our departed sister: Bent Larsen, Ann Tidd, James Farmer, Ellen Thurston, Geo. A. Smith and W. B. Bohman.

The house was crowded and a long line of vehicles followed the remains to the grave.

Crops are being rapidly put in; plenty of water is anticipated, there being more in the Otter Creek reservoir than at any former time.

Sheepshearing has begun and if wool prices are good many hearts will be made glad.

The district school keeps open two weeks longer.

#### MORONI.

#### Demise of Mrs. Sophia Daniels—Crop Prospects Promising.

Special Correspondence.

Moroni, Utah, April 19.—Today was laid to rest in the city cemetery all that was mortal of Sister Sophie, wife of William Daniels of this place, who passed away on Wednesday, the 16th, from a long standing affection of the lungs. She was a quiet, gentle, unassuming disposition, and endeared herself to a large circle of warm friends. She was born at Ringstad, Denmark, March 8, 1823, being 69 years, 1 month and 8 days old, on the day of her death. With her husband, she came to Utah in 1872, making their home in Moroni, which was her home the rest of her life. She is survived by her husband, three sons and three daughters.

The esteem in which she was held, was lovingly shown in the large attendance at the services, which were held at the Daniels' home, comforting remarks were made by Counselor Christensen, Elders A. Hardy and Jens C. Nielsen.

#### INCREASED ACREAGE OF BEETS.

An increased acreage has been planted to sugar beets by the farmers, who measure are taken for their destruction. They are said to be now hatching out in large numbers. But for these conditions, the Sanpete farmers' prospects have rarely been better.
